

City of Springfield

is seeking applications for
Intern – Business

Department: The Office of Public Utilities

Division: Transmission & Distribution

Final Date to Apply: 4/20/2026 at 11:00 PM CST,

Work Location: Miller Street

Starting Salary: \$20.00/hour

Work Hours: Monday – Friday, 8:00 am – 4:30 pm,
hours may vary

Union: N/A

In this role you will:

- Support wholesale power hedging analysis, including tracking positions, pricing trends, and coverage
- Analyze market data (pricing, congestion, load) to support operational decisions.
- Assist with MISO settlement review and billing accuracy verification.
- Contribute to capacity planning and evaluation of contracts and market exposure.
- Build and maintain models for energy, capacity, and cost forecasting.
- Prepare reports/dashboards and support process improvements in data and analytics.

Qualifications:

The ideal candidate will be pursuing a degree in Engineering, Finance, Economics, or a related field, with strong analytical and quantitative skills and the ability to work with large datasets. They will be proficient in Microsoft Excel, with exposure to data modeling or forecasting preferred, and have an interest in energy markets including pricing, hedging, and capacity planning. The candidate will demonstrate strong attention to detail, organizational and problem-solving skills, and the ability to communicate effectively and collaborate across technical and business teams. **Candidate must also be actively enrolled in an accredited college for Fall 2026.**
